SUPERANNUATION PLANS

Background

Legislation was introduced July 1, 1930 to inaugurate a superannuation plan for teachers in Saskatchewan. The plan provisions under the original Teachers' Superannuation Act have been significantly amended over the past 54 years. A major milestone was in 1974 when the Teachers' Superannuation Plan became a negotiable matter as a mandatory item under The Teacher Collective Bargaining Act, 1973. As a negotiable item, any amendments to The Teachers' Superannuation Act must first be agreed to and included in a provincial collective bargaining agreement. Legislation is subsequently amended to reflect the negotiated provisions of the plan.

Effective July 1, 1980 the "money accumulation pension" concept was introduced to Saskatchewan teachers. Also effective July 1, 1980, the Minister of Finance began matching teacher contributions to both the formula or defined benefits plan and to the recently introduced annuity or money accumulation plan.

Formula or Defined Benefits Plan

All teachers who began teaching prior to July 1, 1980, are participants in the formula plan, unless the option to transfer to the annuity or money accumulation plan has been exercised. The allowance payable to a teacher who superannuates under this plan is determined by applying a formula based on years of service and highest salaries earned during any five years of teaching.

Annuity or Money Accumulation Plan

This plan, introduced July 1, 1980, applies to all teachers who began teaching in Saskatchewan after July 1, 1980. The allowance payable to a teacher who superannuates under this plan is in the form of a life annuity based on the money accumulated and standing to the credit of the teacher at the time of retirement. The total accumulated amount includes matching government contributions. Main factors affecting the amount accumulated and the size of the annuity at the time of retirement are:

- rate of salary increases;
- contribution rates;
- earnings of the annuity fund;
- age at retirement; and,
- type of annuity selected.

Funding

All monies in any fund are held in trust by the Minister of Finance and are invested in high quality investments which include bonds, debentures, mortgages and various other equities.

Three distinct funds have been established.

Teachers' Superannuation Fund

This fund consists of all contributions made by teachers who contributed to the Formula Plan, plus a matching contribution by the provincial government, together with a nominal interest credit currently calculated at the rate of 7 per cent compounded annually. In addition to matching contributions, the government support includes an annual amount which is required to meet all payments for allowances granted under the plan.

All contributions made by or on behalf of a teacher remain in the Teachers' Superannuation Fund until the date of retirement. At that time, the total amount standing to the credit of the teacher is available for the payment of superannuation allowances.

Teachers' Annuity Fund

This fund consists of contributions made by teachers who contribute to the Annuity Plan together with matching government contributions, plus the total earned interest of this fund. At the present time, teachers and government each contribute a percentage of the teacher's salary inclusive of Canada Pension Plan contributions. Under certain conditions a teacher may elect to transfer the contributions and interest to his credit in the formula plan, together with a government matching amount and a government bonus interest amount, to the Annuity Fund.

Supplementary Allowances Fund

This fund was established on behalf of all teachers who contribute to the Annuity Plan. The proceeds of this fund are to be used for indexing annuities and providing for the payment of dependant children's allowances upon the death of a teacher.

The main source of monies to this fund consists of the difference between the total contribution rate and the combined Canada Pension Plan and Annuity Fund contribution. The government contributes a matching amount.

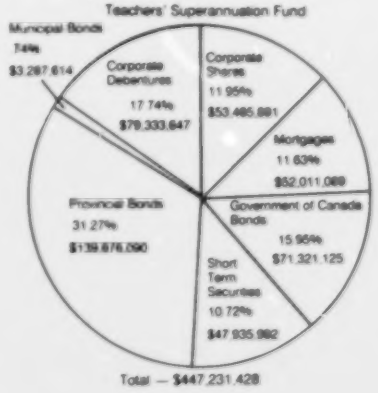
D

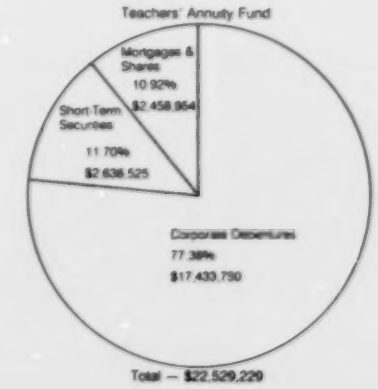
The Teacher's Superannuation Commission may enter into reciprocal pension agreements with other teacher employer groups and with public sector employer groups. Agreements are presently in effect between the Saskatchewan Teachers' Superannuation Commission and the following pension jurisdictions:

- provincial teacher pension authorities in all ten provinces;
- Province of Saskatchewan Public Service Superannuation Board and the Public Employees (Government Contributory) Superannuation Plan Supervisory Board;
- Government of Canada Public Service Superannuation;
- Province of Alberta Public Service Pension Board, the Public Service Management Board and the Local Authorities Board;
- Crown Investments Corporation of Saskatchewan;
- Province of Saskatchewan Municipal Employees' Superannuation Commission;
- University of Saskatchewan;
- University of Regina;
- University of Alberta; and,
- Board of the Evangelical Lutheran Church.

I

The assets of the Teachers' Superannuation Fund, the Teachers' Annuity Fund and the Supplementary Allowances Fund are invested through Saskatchewan Finance, Investment and Financial Services Branch. Investments are of high quality to yield the best possible return with minimum risk. The investment portfolios of the two major funds at June 30, 1984, contained assets shown in the charts below.





- The minimum fund balance in the Teachers' Superannuation Fund rose from $262,623,192 at June, 30 1983 to $315,875,582 at June 30, 1984 for a net increase of $53,252,390.

- Teacher and government accumulated balances in the Teachers' Annuity Fund rose from $10,959,213 at June 30, 1983 to $18,587,967 at June 30, 1984, for a net increase of $7,628,754.

- Teacher and matched government contributions to both the Teachers' Superannuation Fund, the Teachers' Annuity Fund and the Supplementary Allowances Fund for the year totalled $55,276,825 compared with $52,300,542 the previous year. Another $1,319,121 was received through transfers under reciprocal agreements with other registered pension plans. In 1982-83, those transfers totalled $898,883.

- Termination refunds paid for 1983-84 were $1,813,319 and reciprocal transfers out were $1,323,486. In 1982-83 these amounts were $1,768,463 and $1,597,598 respectively.

- Payment of teacher allowances and annuities to superannuates, surviving spouses, dependants and nominees totalled $49,953,095, an increase of 236 recipients and an increase of $6,516,762 over the previous year ending June 30, 1983.

- A total of $203,941 in disability allowances were granted in 1983-84 as compared to a total of $289,057 granted in 1982-83.

- During the year 79 superannuates died.

- Administration costs rose to $565,422 in 1983-84, an increase of $44,032 over 1982-83.

- Interest earnings on investments in the Teachers' Superannuation Fund were at the approximate rate of 12.46 per cent. The rate of interest allocated on monies in the Annuity Fund was 12.60 per cent and 9.20 per cent on monies in the Supplementary Allowances Fund.

   a) These financial statements are prepared in accordance with generally accepted accounting principles, except as follows:

      i) **Administrative Costs**

      In accordance with Section 73 of The Teachers' Superannuation Act, the expenses of the administration of this Act, including the honoraria to commissioners and necessary salaries are being paid from monies appropriated by the Legislature for the purpose. 2. **Description of the Fund**

   The Teachers' Superannuation Act established a cost based pension plan on July 1, 1980. This plan is administered by the Teachers' Superannuation Commission.

   Contributions and investment earnings are accumulated in the Teachers' Annuity Fund for the purpose of providing annuities to the contributing teachers.

   The Commission underwrites the annuity contracts, however, the monies available to the annuitant are not transferred to a separate fund but are retained within the pool of investments held by this fund. Accordingly, a separate balance sheet has not been prepared for annuity underwriting. However, to disclose the operating results of annuity underwriting, a Statement of Annuity Underwriting Income and Retained Earnings forms part of these financial statements.

Accordingly, no provision for these costs is included in these financial statements.

   b) Other significant accounting policies are as follows:

      i) Investments are recorded at cost.

2. **Description of Fund**

   The Teachers' Superannuation Act established the Teachers' Supplementary Allowances Fund effective July 1, 1980. It is a fund in which specified contributions and interest earnings thereon are accumulated for the purpose of making specific additional payments to annuitants of the Teachers' Annuity Fund.

3. **Contingent Liability**

   Contributions and interest forfeited to this fund together with earned interest thereon are repayable to the Teachers' Annuity Fund if a teacher who accepted a refund of contributions under sub-section 55 (10) of The Teachers' Superannuation Act makes restoration to the Teachers' Annuity Fund.

   It is not possible to determine the number of teachers who will pay the amount refunded and interest thereon and accordingly a liability has not been recorded in these financial statements.

4. **Accounts Payable**

   Section 5, of the Teachers' Superannuation Amendment Act, 1984, which came into force June 1, 1984, authorized the refund of contributions together with earned interest to eligible teachers upon application. This liability represents contributions together with earned interest for eligible teachers who have applied for a refund since the fund was established on July 1, 1980.

5. **Investments**

   Section 13, of the Teacher's Superannuation Act provides for the Minister of Finance to hold all monies of the fund in trust, for investment by him in specified classes of securities.

GROUP LIFE INSURANCE

GROUP LIFE INSURANCE

P

Legislation was introduced September 1, 1960, to provide teachers' group life insurance coverage for 8,928 teachers. The amount of term insurance coverage and the provisions of the insurance plan have been considerably increased since its inception. In 1974, group life insurance also became a negotiable matter as a mandatory item under The Teacher Collective Bargaining Act, 1973. As a negotiable item, any amendments to the group life insurance plan provisions must first be agreed to and included in a provincial collective bargaining agreement.

The teachers' group life insurance plan provides insurance coverage for teachers and individuals employed by boards of education as full-time secretary-treasurers, assistant secretary-treasurers or superintendents of administration. Coverage is provided for:

- active teachers;
- teachers absent from work on educational leave;
- teachers absent from work due to ill health;
- teachers absent from teaching in Saskatchewan as an exchange or special teacher; and,
- superannuated teachers.

The insurance coverage includes an amount for accidental death and dismemberment benefits equal to and in addition to the amount of ordinary life insurance in effect.

A

Under authorization by the Lieutenant Governor in Council, the Minister of Finance, with the approval of the Saskatchewan Teachers' Federation, may enter into an agreement with one or more insurance companies to provide for term life insurance and accidental death and dismemberment insurance.

The contract in effect for the period ending August 31, 1984 was with the Metropolitan Life Insurance Company. The Teachers' Superannuation Commission is responsible for administering the life insurance contract. This administration includes the collection and subsequent payment of premiums to the underwriting life insurance company. The Minister of Finance is responsible for payment of 50 per cent of the premium required to provide each teacher the coverage as set out in the provincial collective bargaining agreement. Superannuated teachers and individuals employed as secretary-treasurers, assistant secretary-treasurers and superintendents of administration are responsible for 100 per cent of the required premiums.

H
